Verify all information before ordering.**

## Measuring and Ordering Information

Complete order information section below using steps 1 through 3.

### STEP 1

#### Canopy Model Numbers 4 through 10:

Using the chart provided, choose the appropriate canopy model# that matches the projection that best fits your needs. If mounting over an out swinging door use at least a model # 7.

### STEP 2

**Canopy Width:** Measure outside width of door casing. Add at least 3" - 5" on each side for proper appearance (be sure light fixtures are not in the way). Custom widths up to 120" in 1-inch increments.

### STEP 3

**Color/Pattern Choice:** Select the color(s) and pattern that best complements your home. The canopy top may be ordered in a solid color or striped pattern. Support arms are always white.

Support arms require 3" of mounting space over door (B).

If sidewings are desired, please order Series 1500.
