FABRIC DOOR CANOPY

Drop and projections are approximate.

! Canopy Mounting Space (B): Be sure you have at least 13" of space above the door, or the canopy will not fit.

Measuring and Ordering Information

Complete order information section below using steps 1 through 3.

STEP 1

Canopy Model Numbers 4 through 8: Using the chart provided, select the projection that best fits your needs. If mounting over an out swinging door use at least a model #7.

STEP 2

Canopy Width: Measure outside width of door casing. Add at least 3" - 5" on each side for proper appearance (Be sure light fixtures are not in the way). Custom widths up to 120" in 1-inch increments.

Canopy Mounting Space: Measure from top of door (B) to determine available space for mounting. Canopy requires 13" of mounting space.

STEP 3

Color/Pattern Choice: Select the fabric color that best complements your home. All canopy framework is in bronze finish. Both fabric number and fabric name are necessary for order processing.
