Measuring and Ordering Information

Complete order information section below using steps 1 through 4.

STEP 1

Series Number: Select the awning Series number that's right for you: *Series 3100 with Support Arms* or *Series 3500 with Sidewings*.

STEP 2

Awning Model Numbers 4 through 8: Measure window height (A). Use chart to determine awning model number.

STEP 3

Awning Width: If mounting on casing, measure outside width of window casing (B). For wall mount, select any desired width, allow 1½" on each side for mounting hardware. Sides cannot be mounted on shutters. Custom widths up to 120" in 1-inch increments.

STEP 4

Color/Pattern Choice: Select the color(s) and pattern that best complements your home. The awning top may be ordered in a solid color or striped pattern. Support arms are always white. Sidewings available in solid color only.
